ANDY DANDIES

Billie: "Andy is taking a course in domestic science."

Teddie: "How is he making out?"

Billie: "All right, I guess. He told me he just made the scrub team!"

* * *

Orville: "What do you do when a customer forgets his change?"

MacTavish: "Why, I try to get his attention by rapping on the window with a dollar bill!"

* * *

Officer: "Didja get the number o'the car that almost hit ya?"

Lily Belle: "No, ah didn't officer—but the lady driving it had on the most gorgeous periwinkle hat trimmed with artificial cherries!"

* * *

Orville: "The nerve of that conductor. He glared at me as if I hadn't paid my fare".

Kewpie: "Well, what did you do?"

Orville: "Why, I just glared back as if I had!"

* * *

Orville tried out for the swimming team and the coach ordered him to climb the thirty-foot board and dive into the pool. Sealing up the ladder and reaching the edge of the board, Orville was soon heard to yell: "H-Hey, I can't dive—there's no water in the pool!"

The annoyed swimming coach turned to

some students and sneered: "How do you like that guy? I give him his first chance at a tryout and he gets temperamental!"

* * *

Lily Belle wonders if you would call her a vegetarian just because some of the boys she goes out with have plenty of cabbage!

* * *

Teddie: "Why do you keep on calling it a five-dollar William?"

Andy: "Well-er-gulp—I don't know it well enough to call it Bill!"

* * *

A guard from the lunatic asylum rushed up to a farmer on the road and inquired: "I'm looking for an escaped lunatic. Did he pass this way?"

"What did he look like?" asked the farmer.

"Well, he's very tall and he's very fat," explained the guard, "and he weighs about ninety pounds!"

The farmer eyed the asylum guard dubiously. "Shucks. How can he be tall and fat and only weigh ninety pounds?"

"Gee, you needn't be so surprised," bellowed the guard, "I told you he was crazy!"

* * *

"Paw," said the mother, "Lem's teacher sez he ought to have an encyclopedia."

"Encyclopedia, my foot," grumbled the father, "let 'im walk to school like I did!"

The chemistry professor chalked the formula HNO_3 on the blackboard and then turned to ask Andy, "Identify that formula."

"Er-er-ah—" stalled Andy, "I-er-have it right on the tip of my tongue."

"In that case," shouted the professor, "you'd better spit it out. It's nitric acid!"

* * *

The excited neighbor burst into Mrs. Brown's living room and cried: "Oh, your son!—your son!"

"What about my son?" demanded Mrs. Brown.

"All the kids were playing a game to see who could lean out of the window farthest and—"

"Well, what's so terrible about that?" she interrupted.

"M-Mrs. Brown," gasped the neighbor, "your son won!"

* * *

Orville was tending the soda fountain when he recognized an old customer come in and order his usual glass of milk. After quickly gulping it down, he walked up one wall of the room, across the ceiling, down the other wall — and then zoom right out the door!

"Gosh," exclaimed a fellow customer, "what a peculiar fellow!"

"Yeah," agreed Orville, "he never says good night!"

* * *

Teacher: "Jackie, how many sexes are there?"

Jackie: "Three."

Teacher: "Three?—er-what are they?"

Jackie: "The male sex, the female sex and the insects!"

* * *

Teddie: "Whenever I'm down in the dumps, I always get myself a new hat."

Billie: "Him. I wondered where you got them!"

* * *

Colonel Corpone pulled out a picture of a woman and showed it to a friend.

"Say, who's this?" inquired the friend.

"That, suh, is mah dear, dear cousin."

"Gee, I didn't recognize her," said the friend. "She just doesn't look like herself."

"Oh, that's her all right," spoke up the Colonel, "she's just got her mouth shot!"

* * *

"Frankie," said the teacher, "spell weather."

"W-E-T-T-H-E-R"

"Hmm, you know, Frankie," replied the teacher, "that's the worst spell of weather we've had in a long time!"

* * *

Customer: "How are the tongue sandwiches?"

Walter: "Oh, they speak for themselves!"

* * *

Casting Director: "Have you had any experience in dramatics?"

Lily Belle: "Well, ah once had mah leg in a cast!"

* * *

An efficiency expert died and was accorded the finest in funerals. The pallbearers were carrying the casket down the church steps when the lid suddenly popped open and the deceased sat up and said:

"You could lay off four men by putting this casket on wheels!"

* * *

A farmer visited the city for the first time in his life and stepped up on a weighing machine. Inserting a penny in the slot, a picture of Van Johnson popped out. The farmer studied it closely and then said:

"Shucka, this darn contraption don't take too good a picture, does it?"

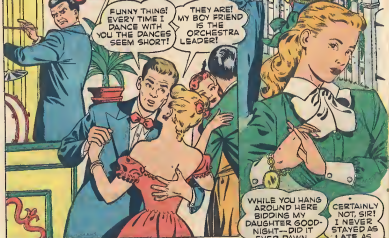

* * *

"I prescribe absolute quiet for your husband," said the doctor. "Now here is some sleeping pills."

"When do I give it to him?" asked the worried wife.

"You don't give it to him," advised the doctor, "you take them yourself!"

BAD SKIN?

Stop Worrying About Pimples, Blackheads and Other Externally Caused Skin Troubles

Try Skin Doctor's Amazing Simple Directions and Be Thrilled with the Difference—

Often So Much

CLEARER IN JUST ONE SHORT WEEK

Have you ever stopped to realize that the leading screen stars whom you admire, as well as the beautiful models who have lovely, soft white skin, were all born just like you with a lovely smooth skin?

The truth is that many girls and women do not give their skin a chance to show off the natural beauty that lies hidden underneath those externally caused pimples, blackheads and irritations. For almost anyone can have the natural, normal complexion which is in itself beauty. All you have to do is follow a few amazingly simple rules.

Many women shatter themselves out of the thrills of life—dates, romance, popularity, social and business success—only because their neglect has robbed them of the good looks, poise and feminine self-assurance which could so easily be theirs. Yes, everybody looks at your face. The beautiful complexion, which is yours for the asking, is like a permanent card of admission to all the good things of life that every woman craves. And it really can be yours—take my word for it!—no matter how discouraged you may be this very minute about those externally caused skin miseries.

Medical science gives us the truth about a lovely skin. There are small specks of dust and dirt in the air all the time. When these get into the open pores in your skin, they can in time cause the pores to become larger and more susceptible to dirt particles, dust and infection. These open pores begin to form blackheads which become in-

fected and bring you the humiliation of pimples, blackheads or other blemishes. When you neglect your skin by not giving it the necessary care, you leave yourself wide open to externally caused skin miseries. Yet proper attention with the double Viderm treatment may mean the difference between enjoying the confidence a fine skin gives you or the embarrassment of an ugly, unbecoming skin that makes you want to hide your face.

The double Viderm treatment is a formula prescribed by a skin doctor with amazing success, and costs you only a few cents daily. This treatment consists of two jars. One contains Viderm Skin Cleanser, a jelly-like formula which penetrates and acts as an antiseptic upon your pores. After you use this special Viderm Skin Cleanser, you simply apply the Viderm Fortified Medicated Skin Cream. You rub this in, leaving an almost invisible protective covering for the surface of your skin.

This double treatment has worked wonders for so many cases of external skin troubles that it may help you, too—in fact, your money will be refunded

if it doesn't. Use it for only ten days. You have everything to gain and nothing to lose. It is a guaranteed treatment. Enjoy it. Your dream of a clear, smooth complexion may come true in ten days or less.

Use your double Viderm treatment every day until your skin is smoother and clearer. Then use it only once a week to remove stale make-up and dirt specks that infect your pores, as well as to aid in healing external irritations. Remember that when you help prevent blackheads, you also help to prevent externally caused skin miseries and pimples.

Incidentally, while your two jars and the doctor's directions are on their way to you, be sure to wash your face as often as necessary. First use warm water, then cleanse with water as cold as you can stand it, in order to freshen, stimulate and help close your pores. After you receive everything, read your directions carefully. Then go right to it and let these two fine formulas help your dreams of a beautiful skin come true.

Just mail your name and address to Betty Memphis, care of the New York Skin Laboratory, 206 Division Street, Dept 201, New York 2, N. Y. By return mail you will receive the doctor's directions, and both jars, packed in a safety-sealed carton. On delivery, pay two dollars plus postage. If you wish, you can save the postage fee by mailing the two dollars with your letter. If you are in any way dissatisfied, your money will be cheerfully refunded. To give you an idea of how fully tested and proven the Viderm double treatment is, it may interest you to know that, up to this month, over two hundred and twelve thousand women have ordered it on my recommendation. If you could only see the thousands of happy, grateful letters that have come to me as a result, you would know the joy this simple treatment can bring. And, think of it!—the treatment must work for you, or it doesn't cost you a cent.
